Benefits for expatriates – BenEx komp* is an insurance policy for employees working abroad who can't remain in the Swedish Social Security system. BenEx komp* consists pension which aims to compensate for the loss of Swedish Public Pension .

BenEx* is an occupational pension policy which is owned and paid by your employer. It is a defined contribution policy, which means that a set amount, related to your salary level is paid as a pension savings contribution. The size of your future pension will depend on the size of the premiums and the performance of your insurance capital.

BenEx komp* aims to compensate for loss of contributions being paid to the Swedish Public Pension. Depending which country you are working in, you may also be covered by general pension abroad. BenEx komp* take that in consideration.

Cover your next of kin

You can also choose repayment cover with your pension.

This means that, if you die before retirement, your insurance capital will be paid out to the beneficiaries you have named. If you choose repayment cover, the growth of your insurance capital will be somewhat lower. The minimum disbursement period is five years.

How the money is invested

You may choose between investing the premium in a unit-linked insurance or in a traditional insurance. Another option is to mix these two forms of asset management.

When you save in unit-linked insurance, you decide how the capital is to be managed. You choose the risk level and change funds when you wish. Traditional insurance means that SPP is responsible for the management of the fund and guarantees a minimum pension, with good possibilities for extra bonus.

Please read more about the different options for asset management at spp.se.

Waiver of premium

BenEx komp* always includes waiver of premium which means that the premiums to BenEx komp* continues to be paid even if you are off sick for a long time.

Advantages for you as an employer

BenEx komp* is always adjusted based on the real pension earning in the country the employee is based in.

- Provides the same compensation regardless of age.
- Covers also the EU/EEA countries and countries with social security conventions.
- Easy to trace the social security compensation.
- No need to reduce the premium with other employer paid insurance.

Always the right knowledge

At least once a year, we train members of your staff who work with issues of foreign assignment:

- Social Security in Sweden compared to other EU countries.
- What is regulated in legislation, agreement and the EU directive for employees working abroad?
- How are pensions affected by working abroad?
- What is important to ensure employees to get good cover?

We send out invitations in good time before training course.
